## PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer focused on bridging design, logic, and functionality to build seamless web experiences. Experienced in both front-end and back-end development, with a strong emphasis on collaboration and teamwork. Driven by curiosity, attention to detail, and a passion for turning complex ideas into practical, well-designed solutions.

## EDUCATION

### Computer Science - Bachelors of Science | 2026

Georgia State University - Atlanta, GA

- GPA: 3.63 | Dean's List
- Relevant Coursework: Database Systems, Software Engineering, Fundamentals of Cybersecurity, Web Programming, Design Analysis Algorithms, Data Structures, Software Development-CTW

## WORK EXPERIENCE

### DLS Front Desk Student Assistant | June 2024 - Present

Georgia State University - Atlanta, GA

- Managed daily office operations, including mail distribution, supply inventory, copier maintenance, and workspace organization to maintain a professional environment.
- Monitored and restocked office and printing supplies, maintained equipment functionality, and ensured readiness for faculty and staff use.
- Supported communication flow by handling incoming/outgoing mail, coordinating interoffice deliveries, and ensuring a clean, efficient front desk area.

### App Developer Intern | February 2025 to May 2025

Free World Empire - Remote, Atlanta, GA

- Collaborated with a team to design and build new features for a social app, focusing on creating a smoother and more engaging user experience.
- Performed thorough testing and debugging to identify performance issues, implementing fixes that improved app responsiveness and reliability.
- Consistently presented work to the team, sharing updates and walkthroughs to get feedback on design, functionality, and overall user flow.
- Incorporated team and user feedback to refine UI components and enhance overall usability, contributing to higher user engagement metrics.

## PROJECT EXPERIENCE

### Personal Portfolio | HTML / CSS / JavaScript - October 2025

- Designed a personal website highlighting About, Education, and Experience sections while showcasing skills, projects, and professional growth.
- Implemented a responsive multi-page portfolio with smooth animations and interactive UI elements to enhance user engagement.
- Maintained a clean layout with accessible design and consistent visual presentation across the site.

### Game of Chess | HTML / CSS / JavaScript - August 2025

- Developed an interactive chess web app with full move validation, check/checkmate detection, and turn-based state management.
- Built a responsive, accessible UI using CSS Grid and Flexbox, ensuring seamless gameplay across devices.

## LEADERSHIP EXPERIENCE

### Team Lead - Christmas Fifteen Puzzle | HTML / CSS / JavaScript / PHP / SQL - December 2025

- Led the creation of a festive, interactive Fifteen Puzzle game for the browser, managing team workflow and version control through GitHub.
- Oversaw project structure, user interface, and responsive layout while overseeing visual design, animations, and game logic.
- Guided brainstorming for the storyline, selected imagery, and integrated CSS, JavaScript, PHP, and SQL features to deliver a fun and engaging user experience.
